

## Indresam School.

We have been going to the school almost every day...dealing with the land and lawyers. We pass by the school and we always stop to drop off groceries and to sing with the children. The other day, we watched them during lunch and it was a joy to see them eat happily....perhaps the only good meal in a day.

Here they are praying before being served.

The fund raising for the lunch program was a grand success ...to see the children eating the whole school year...one Sunday for fundraising is not a bad deal. Sometimes when we are here away from all of you, things like this put things in perspective. The Lord blesses every penny we raise and it is a privilege to serve Him! Thank you for supporting the lunch program!
